

Bennett Lbr.
✓

Milwaukee, Wis., Dec. 22, 1972

File: D-2-2432

Mr. A. J. Hamre:

Attaching copy of my file from Mr. Kemp in connection with open top loads of lumber originating on the BN RR from the Bennett Lumber Co., Princeton, Idaho.

Even though this plant is located on the Burlington Northern you should have someone visit the loading personnel, making sure that the cables, etc. on the Tomco cars are properly maintained and that packages are well prepared on all loads.

Please advise.

G. F. Wood
