

"KEEP IT MOVING"

TACOMA - January 21, 1977

File: T-R-29-Situation
Report

Mr. M. Garelick
Chicago, Illinois

Attached please find copy and completed forms of our Washington and Montana situation report.

Mr. Torpin advised of your inquiry concerning this report and had requested that a copy of the form be forwarded to your office.

As information, this report is completed twice a day with the information being received by phone from the Division Chief Dispatchers. The information is then put on a recorded tape which is activated by dialing Extension 219.

The tape recording has proved beneficial to our Traffic and other offices requiring information concerning train departures, arrivals, and unusual circumstances, i.e., derailments.

If we may be of further assistance, please advise.

Supt. of Transportation
